BUYING GUIDE

86 **Septima 2006 Chardonnay (Mendoza); \$12.**
Value level Chardonnay has never really been Argentina's strong suit, but this fuller-bodied version is pretty good. It starts with citrus, orange peel and some dusty scents, which are backed by melon, apple and citrus flavors. It finishes with some pithy bitterness but overall it's nice for Mendoza Chardonnay. Imported by A.V. Brands, Inc.
